**THE RELATIONSHIP BETWEEN THE ROLE OF PARENTS AND
ADOLESCENT DEBT IN SHOLAATUL FATIKH ISLAMIC HIGH
SCHOOL**

ABSTRACT

Background : The role of parents to deal with juvenile delinquency includes acting as a friend, that is, parents must always be by their side, whether always asking about the daily life of the teenager, acting as an educator, namely in dealing with the problem of juvenile delinquency, parents must also provide education through the household, such as providing input in the form of spiritual splashes. As a supervisor, it is the duty of parents to prevent juvenile delinquency.

Objective : Knowing the relationship between the role of parents and juvenile delinquency in SMA Islam Sholaatul Fatikh

Research Method : Descriptive analytic with Cross Sectional approach, where the research was at Sholaatul Fatikh Islamic High School, Sumber Deras Village, Mesuji District, Ogan Komering Ilir Regency, Palembang City, The population taken was 125 students who attended Sholaatul Fatik High School, the sample was taken by Total Sampling totaling 125 students with a measuring instrument questionnaire, data analysis using Kendall's tau-b test, namely univariate and bivariate analysis.

Research results: Kendall's tau-b test shows the parental role variable p value (0.033) $< \alpha$ (0.05) meaning that there is a significant relationship between the role of parents and juvenile delinquency

Conclusion: There is a significant influence between the role of parents on Juvenile delinquency at Sholaatul Fatikh Islamic High School.

Suggestion: The school principal and teachers and administrators of the Sholaatul Fatikh Islamic High School provide counseling, motivation and guidance to students who attend Sholaatul Fatikh Islamic High School about the Role of Parents and Juvenile Delinquency, to reduce the level of juvenile delinquency in students.
