PROJECT

NO	DATE	SUBJECT MATTER & ADVISOR SUGGESTIONS	INITIALS
1	November 20, 2023	Discussing chapter 1 Feedback: ◦ Read & summarize the previous studies then find the findings to put in Introduction. ◦ Need more for review of theory	
2	November 23, 2023	Discussing chapter 2 Problem in arranging and determining the theories to support the ideas Feedback: ◦ Give some references theories to read	
3.	November 24, 2023	Discuss Chapter 1 Suggestions: The grammatical improvements and adherence to apa 7 th edition citation guidelines strengthen the clarity and coherence of the writing, particularly in the section expounding on the rationale for selecting the specific topic.	

4.	November 27, 2023	Problem in determining reason for choosing the theory used in the research. Feedback: Embading the reason why using the theory in chapter 3	
5.	December 8, 2023	Discuss Chapter 2 Suggestions: The addition of research from foreign sources and a detailed review of theories related to the research variables were carried out. Moreover, statements were incorporated highlighting the differences between the present study and previous studies.	
6.	February 21, 2024	Discuss Chapter 3 Suggestions: The theoretical framework was constructed by incorporating Molina and Albir's (2002) rationale for using this theory in data analysis procedures.	
7.	March 21, 2024	Discuss Chapter 4-5 Suggestions: A revised discussion section is presented, including findings and suggestions for future improvements.
